Rachel Hassett

Full Stack Software Engineer

Dallas, TX | (817) 889 - 1761 | rachel.c.hassett@gmail.com | [GitHub](#) | [LinkedIn](#)

Software Engineer with a background in marketing and sales with experience working in the entertainment and education industries. I'm excited to merge my skills in customer service and planning with coding and development to build new web applications that make life easier for everyday people. Proficient in JavaScript, HTML, and Python, I'm ready to bring my diverse skills to a supportive and innovative team.

SKILLS
- Programming Languages: Javascript, HTML, CSS
- Platforms and Frameworks: MongoDB, Node, Express, GIT
- Tools: Github
